Thank you for allowing us to serve you today, **please remember to change your password from the default.**

To assist with password management, we would like to introduce you to, and assist with enrollment in, *NetID Password Self-Service!* NetID Password Self-Service will allow you to change your password anytime, anywhere, even from the Internet! You can also unlock your account. We are very excited to offer you this service.

---

**NetID PASSWORD SELF-SERVICE**

To register for *NetID Password Self-Service*, please follow the steps below. This process should only take a few minutes. Please contact the iSITE Service Desk at 903-334-6603, or submit a Support Request Ticket to [isite@tamut.edu](mailto:isite@tamut.edu), for assistance.

Go to [password.tamut.edu](http://password.tamut.edu) and log in with your current NetID and password.

- Read the welcome message describing the available services, then select the **Click Here** button to continue.
- Select two security questions from the dropdown list.
- Type your answers to these questions in the boxes below each question, making sure to type each answer exactly the same way twice.
  - **It is very important to be able to remember these answers exactly as you typed them.**
- When you finish, click **Enroll**. A confirmation message will indicate your successful enrollment.

In the future, should you have the need to reset your password, you can go to the same site, and click the **Key** icon titled **Reset Password**.

Thank you,

Texas A&M University-Texarkana
Information Technology Department
