Health and Safety inspections are conducted in the residence hall monthly. These inspections are done by the Residence Life Staff and are typically done Monday-Thursday. Items that are inspected are any violations (i.e. multi-socket plugs, candles, heating elements, etc.). Residents that are found in violation will be given 24 hours to correct the problem otherwise items will be confiscated and possible judicial sanctions applied. If you have any questions about Health and Safety inspections please see your Resident Assistant or the Residence Life Coordinator.
