Introduction to Housing

Mission Statement

We are here to help lead and facilitate a safe environment conducive to learning, development of interpersonal skills, and unite our residents together. Simultaneously, we strive to keep the hall safe, enjoyable, clean, and keep our resident's interests in mind.

Nondiscrimination Policy

All students shall be free from discrimination based on race, color, ethnic origin, national origin, color, creed, religion, age, gender, marital status, sexual orientation, uniform service or veteran status, physical or mental disability, or political belief.

Amnesty Policy

Students who are engaged in minor violations but who choose to bring related serious violations by others to the attention of the University are offered amnesty for their minor violations. Educational options will be explored, but no conduct proceedings or record will result. Abuse of amnesty requests can result in a decision by the Assistant Vice President of Student Affairs not to extend amnesty to the same person repeatedly.

Residence Hall Staff

Resident Assistants (RA)

Each wing has its own Resident Assistant. These are upperclassman students who plan programs for the wing and the building, serve as a resource for residents, and help to create and maintain an environment conducive to academic, personal, and social growth. RA job details include various administrative functions, desk and on call shifts, and a variety of other obligations. RAs are also responsible for the enforcement of housing policies and the documentation of policy violations. Residents should contact their RAs first with any questions or problems; if the RA cannot personally help the resident, they will direct the resident to someone who can assist the resident. RAs are supervised by the Residence Life Coordinator.

Desk Assistants (DA)

The front desk is staffed when the hall is open. Desk Attendants assist visitors; issue equipment, various sporting items, keys, and other materials available to residents for check-out; report maintenance requests; and perform other administrative tasks that may arise. They are also an excellent resource for housing and Texas A&M University - Texarkana information. Desk Attendants report to the Residence Life Coordinator (RLC).

Residence Life Coordinator (RLC)

The Residence Life Coordinator is the supervisor of Bringle Lake Village and performs administrative tasks to ensure the continued progress and sustainability for the Office of Residence Life.

Custodians & Maintenance (SSC)

The custodians and maintenance personnel keep public areas of the building clean and make repairs within Bringle Lake Village. A&M-Texarkana contracts custodial and maintenance through a third-party contractor; known as SSC. Any concerns about the cleanliness or repairs should be reported to the RLC.

Student Groups in the Residence Hall

Residence Hall Association (RHA)

Bringle Lake Village has a student led Residence Hall Association that provides a variety of programs and serves as the students' voice to the residence hall staff and campus administration. Participation in a hall association is an excellent way to get involved in the hall and campus life and can provide leadership development opportunities. Bringle Lake Village's Residence Hall Association (RHA) is a campus-wide student organization. RHA sponsors cultural, recreational, social, and educational events, promotes Texas A&M University - Texarkana school pride, and represents student opinions about residence life issues to the housing administration and the larger campus community.

Programming in Bringle Lake Village

The residence hall staff sponsor numerous academic, cultural, educational, social, and recreational programs. Most programs are provided free to residents and provide opportunities for residents to grow socially, culturally, and educationally while interacting with their peers and having fun. Students requiring special assistance to attend or participate in residence hall programs should contact the Office of Student Life.

The Residence Hall Bill of Rights

Texas A&M University - Texarkana has some basic expectations that govern the special nature of interpersonal relationships in the residence hall. These are reasonable expectations that the students shall have for one another while sharing space in residence hall. The Residence Hall Bill of Rights outlines these expectations:

- The right to sleep during the night undisturbed.
- The right to sleep in one's room free of noise and distractions during quiet hours.
- The right of access to one's room and facilities at all times.
- The right to feel secure against physical or emotional harm.
- The right to a clean room and clean common areas.
- The right to have one's belongings respected.
- The right to have guests in ones' room when said guests will not disturb your roommate's right to sleep or study.
- The right to privacy.
- The right to redress grievances.

These rights apply to all students living on campus. Violating the rights of other students may result in disciplinary actions and/or reassignment to another location.

"To put this all simply we ask that you follow the *Golden Rule*:

"Treat others the way you want to be treated."

So please be respectful of others and keep quiet during quiet hours, keep your room clean, throw out your trash regularly, don't steal or break others things, and treat the Residence Hall with the same respect that you would be required to have for your home."

Resident responsibilities

In a group living situation, it is important for you to understand your rights as a student and your responsibilities to others. The right to study and sleep is a priority in the residence hall environment. Your major purpose for enrollment is to pursue an education. Excessive noise and distractions inhibit this goal. Therefore, when you choose to exercise a subordinate privilege, such as, but not limited to, playing your music or entertaining guests, it is your responsibility to make sure that you and your guest(s) both in and around Bringle Lake Village are not inhibiting another person's rights to sleep or study. When you enroll as a student here at Texas A&M University - Texarkana and you sign your housing agreement, you are agreeing to abide by the rules and regulations of Texas A&M University-Texarkana as outlined in the Bringle Lake Village Housing Guide and the Student Code of Conduct. As a student, you are responsible for becoming familiar with the contents of these publications.

Safety in Bringle Lake Village

Safety within Bringle Lake Village begins with the resident. The Office of Residence Life always encourages you to keep your door locked. Report suspicious behavior to a staff member and/or UPD. Never prop open outside doors or the fire doors in the hallways. Any resident caught propping open doors places all others in the hall at risk and will be subject to disciplinary action. It is each resident's responsibility to follow the rules and regulations associated with safety procedures in the residence hall. In a community living situation, the safety practices of everyone greatly affect the safety of the other members of the community.

Emergency procedures

In case of an emergency, contact one of the following:

1. A Resident Assistant (Also known as an RA)
2. Front Desk Assistant
3. University Police which can be contacted at (903) 334-6611

Fire procedures

In the event of a drill or actual fire, all residents are required to evacuate the building. All residents must follow the instructions of Residence Life staff, UPD Officers, and/or fire-fighting personnel. Keep the following items in mind in the event of a fire:

1. Exit the building. Walk; do not run. Be particularly careful in stairwells. Do not use elevators.
*If your mask is not readily available, please pull the top of your sleep shirt or some form of cloth to cover your mouth and nose completely.
2. Proceed directly to a place of safety. Do not attempt to salvage personal belongings.
3. Close doors and window(s) when you leave.
4. Before opening a closed door, feel it to see if it is hot. If your door is hot, attempt to find another exit route.
5. A towel or blanket soaked in water can be helpful in combating smoke inhalation.
6. At all times, follow the instructions of personnel authorized to take charge at the scene of the emergency. If you have any questions about the procedures, contact your Resident Assistant immediately.
7. Do not enter the building until given the all clear by staff or fire professionals. Stand away from the building. Fire alarm pull stations and fire extinguishers are installed throughout the hall. The fire alarm system in each building will automatically notify Texas A&M University - Texarkana personnel as well as the local fire department when activated.
*Make sure that your mouth and nose are fully covered by a cloth, if not a face mask, before you re-enter the building.

Tornado procedures

When a tornado or other severe weather is reported, residents are to move in an orderly manner to the designated location within the building for shelter. If you are in Bringle Lake Village, please move to the first floor, B-wing hallway (center hallway). You are also allowed to shelter in the guest bathrooms or the B-Wing stairwell if the hallway is filled.

If a tornado warning is declared, immediately move to the designated area of safety. If there is no time, and you are in Bringle Lake Village, get under your desk and place your mattress over your desk. Always protect your head and neck. Keep away from windows.

Keep the following items in mind in the event of a tornado:

- Close room doors.
- Proceed to the center of the hall, away from all windows and doors.
- Take a blanket or a pillow to protect your head & neck.

“What comes next are all the rules that we have to follow. It's a long list and not all of them are listed here. Rules cannot be written to take everything into account, so that's why we must listen to those that are paid to be here to ensure our safety. You may not like all of these, nor will you always like what people have to say. However, if we did not have these rules then the Residence Hall could be burned to the ground... Just you wait, we will definitely have a fire drill from someone burning ramen this year.”

Roommate Agreement

Communication is the most important factor in building a good roommate relationship. Many roommates assume they know how each other feels and do not discuss issues like the use of personal belongings. These assumptions are not always correct and can lead to conflict. The Roommate Agreement is meant to help begin the process of discussing issues that have been found to be sources of conflict. Once a potential conflict is identified, it can be resolved through compromise before a major problem arises. A student's Resident Assistant is always a resource, but they'll often ask what the roommate agreement says!

A few things to begin asking your roommate(s) as you work through the agreement are:

- Have you ever shared a room before?
- What are some of your hobbies?
- What kind of food do you eat?
- What is your favorite snack?
- What is your favorite drink?
- Do you like to have people over in the room?
- Do you have any allergies?

It is important that students get to know a few things about their roommate(s) since they will most likely be seeing them every day, if not a few times a week. We ask that students try to keep their roommate(s) in mind while living at Bringle Lake Village.

Resident Assistants will be delivering blank Roommate Agreement forms to each room over. Please take the time to complete this form and return it before the twelfth class day.
