

TRAVEL GUIDELINES

FY 2022

Texas A&M University-Texarkana

TRAVEL REQUEST

- The Request must be completed and approved no later than two weeks prior to the first day of travel.
- On the rare occasion where completing the Travel Request prior to travel is not possible, a Travel Request must be routed and approved before completing the Expense Report.

TRAVEL REQUEST

- The approved Travel Request determines the amount of money that is loaded on to the university travel cards.
- Travel Request must be approved prior to booking any travel arrangements.
- A request must also be completed even if no expenses are going to be claimed or if it is a day trip with \$0.00 expenses.

TRAVEL PER DIEMS

- Travel per diems can be found on the [GSA website](#).
- If the destination is not listed on the site, then you are held to the rates listed below.
- For areas not listed (city or county), the rates are:
- Lodging In-State: up to \$96
- Lodging Out-of-State: up to \$96
- Meals In-State/Out-of-State: up to \$59
- Grant/Contract travel follow these guidelines unless grant/contract states otherwise. (verify with Grant Specialist)

MEALS

Meal reimbursements

A *state employee* may only be reimbursed for his or her actual meal expense not to exceed the maximum meal reimbursement rate for that location. The state *travel expense* reimbursement rate is not a per diem. The maximum should not be claimed unless the actual expenditures equal or exceed the maximum allowable rate.

Agencies must use the federal rates provided by the General Services Administration (GSA) for both in-state and out-of-state travel within the contiguous United States. State employees who travel to Alaska, Hawaii, a U.S. possession or a foreign country must be reimbursed according to the guidelines in the GAA. See Travel Reimbursement Rates.

LODGING

- Any lodging expense claimed above the standard or per diem rate, if applicable, will NOT be reimbursed unless you fall under one of the following exceptions.
- If traveling on state funds, must use the lodging rates listed on the previous Travel Per Diems slide.

Exception 1: If you are attending a conference and you are staying at the conference hotel at the conference rate, you are allowed additional reimbursement for your lodging if you meet all of the following conditions:

LODGING

CONDITIONS:

- The lodging rate exceeds the GSA per diem rate for your destination.
- Your accommodation is one of the hotel's standard rooms, and
- You must attach documentation provided by the conference stating the conference hotel and room rate allowed for your stay.

LODGING

Exception 2:

Reducing meals to increase lodging.

A state employee may claim less than the maximum meal reimbursement rate for a duty point and use the amount of the reduction to increase the maximum lodging reimbursement rate for the duty point. This is allowable for in-state and out-of-state travel.

AIRFARE

- After Travel Request is approved, airfare booked via Concur must be charged to a state travel credit card.
- Only book airfare after receiving the Travel Request approval notice.
- Once the airfare is booked thru Concur, it will be approved by home office and you will receive an official itinerary.
- Change fees of \$250 apply after the airfare is booked.
- If using state funds, the university travel card must be used. Also, the airfare must be purchased on the [STMP Airline Contract](#).

CONSERVATION OF FUNDS

Texas Government Code Section 660.007 requires Conservation of State Funds by mandating that state travel be by the most cost-effective method, considering all relevant circumstances.

ONE DAY RULE

The day before official state business begins and the day after official state business ends are travel days reimbursable by state policy unless:

- The travel distance requires more than 1 day, or;
- The extra day(s) are incurred to qualify for a discount in airfare.

Additional days are considered personal business and are not reimbursable.

COMBINING STATE AND PERSONAL BUSINESS

If a traveler combines personal travel with official state business travel, the traveler is only allowed reimbursement amounts that fall under the Textravel Chapter 660 of the Texas Government Code. Meals, lodging, or car rental that was incurred on personal days cannot be reimbursed.

A state employee may not be reimbursed for the rental of a motor vehicle if the rental was necessary only because the employee combined personal business with state business.

The travel card should not be used for personal business.

MILEAGE

- Current mileage reimbursement rate is .585 cents per mile.
- The university selected GoogleMaps as its mileage guide for employees to use to determine the mileage reimbursement if not using odometer readings.
- If you choose to use odometer readings you **MUST** complete a mileage log documenting miles from point A to B, B to C, C to D, etc. The mileage log can be found on the [travel website](#).
- **If using state funds, the reimbursement will be limited to the most cost-effective method.**

MILEAGE

- When two or more employees are traveling with the same itinerary on the same dates, they are required to coordinate their travel and ride together.
- Mileage can only be claimed for one car for every four people, unless sufficient documentation is provided to justify payment for more than one vehicle.

RENTAL VEHICLES

- Enterprise, National and Avis are our current contracted rental companies. When all possible these companies need to be first priority.
- Rentals CAN be booked via Concur.
- Enterprise—UTS764
- National—UTS764
- AVIS—F999764

RENTAL VEHICLES

- Travelers should purchase under contract whenever possible. Contract rates are usually much less than market rates and the contract rates include the required coverage. Contract rental cars include CDW/LDW and liability insurances, so no additional coverage is necessary when picking up the car. So please refuse any additional coverage offered.
- If using state funds, it is required that the purchase of the rental car be made using the [STMP – Car Rental Contract](#)
- State agencies are exempt from the Motor Vehicle Rental Tax. When renting a car in Texas, present the [Motor Vehicle Rental Exemption Certificate](#) to the vendor when picking up the car.

VIRTUAL CONFERENCES

The following classification types will not require a travel request prior to submission of the expense report. This will allow the travel card to be used for registration more easily if you do not have access to a P-Card. Please note that if funds need to be loaded onto the travel card for the purchase, an email from the account manager approving the purchase will need to be submitted to kholt@tamut.edu.

- Student-Virtual Only-for conference registration expense for students attending virtual conferences.
- Employee-Virtual Only (No Travel)-for conference registration expense for faculty/staff attending virtual conferences.

IRS ACCOUNTABILITY PLAN

The IRS has issued publication 463; Travel, Entertainment, Gift, and Car Expenses. This document requires accountable plans, such as TAMUT's to have employees account for their expenses in a reasonable period of time.

Submission of expense report within 90 days of travel end date:

- Best practice is to submit within 30 days
- Applies to out of pocket and travel card transactions
- If not submitted within 90 days of travel end date:
 - ❖ Travel card immediately suspended until expense report is submitted and approved.
 - ❖ Expenses become tax reportable income to the employee and a tax withholding form must be attached to the expense report.

IRS ACCOUNTABILITY PLAN

Unassigned travel card transactions assigned to an expense report within 90 days of post date:

- Documents travel end date, which allows for aging/tracking of expenses
- Best practice is to assign transactions within 30 days
- After 60 days lose dispute rights with the bank
- If not assigned within 90 days of post date:
 - ❖ Travel card immediately suspended until transactions are assigned to an expense report and the travel end date can be evaluated.
 - ❖ If the travel end date is less than 90 days, the card suspension will be removed.
 - ❖ If travel end date is older than 90 days, the expenses become tax reportable income to the employee and card will remain suspended until expense report is submitted and approved.

CONCUR NOTIFICATIONS-UNASSIGNED CHARGES

You have company card charges that have not been assigned to an expense report. Please logon to Concur Expense as soon as possible and assign these transactions to an expense report. The expense report does not necessarily have to be submitted, but the transactions must be assigned to show that they are a valid business expense. It is very important to review and assign transactions preferably within 30 days, but no longer than 60 days. The purpose for this is to verify that the transaction is a valid business expense transaction and not a fraudulent transaction. The bank only allows 60 days to dispute fraudulent transactions from the posting date. If we do not dispute by that date then we have no recourse and the department will be responsible for those charges.

Company Card Transactions
