

WHAT'S NEW IN WINDOWS 10?

- **Logging In**
 - Your computer will display a lock image.
 - Click your mouse or tap the spacebar.
 - Log in using your Active Directory credentials.
- **Start Menu** 
 - It's back and it's located in the lower left corner.
 - Click the start button to access:
 - Most Used Apps
 - File Explorer
 - Settings
 - Power
 - All Apps
- **Cortana/Search**  
 - Click inside the search box to:
 - Type your inquiry.
 - Voice your inquiry.
 - Must sign in with Microsoft account.
 - Go here <http://tinyurl.com/tamut-cortana> for more information.
- **Task View (allows an overview of all open Windows)**
 - On the keyboard, simultaneously click the Windows  key and the Tab  key.
 - Click on the Window to which you wish to navigate.
- **Taskbar (newly redesigned – a real timesaver)**
 - Pin frequently used Apps to the Taskbar for quicker and easier access.
- **Snap Assist (multitask by working in more than one Window at a time)**
 - Grab a Window by placing the cursor on the ribbon (top of the Window) and left clicking the mouse and drag to one side until a "clear pane" appears.
 - Release the mouse button and the Window will snap to a smaller size on that side.
 - Repeat for up to four Windows.
- **Action Center**
 - Click the Notifications  9:32 AM 2/26/2016 Icon on the Taskbar – it's next to the date and time in the lower right.
 - Click any Notification to open it.
- **Settings & Control Panel**
 - Cleaner look and new user-friendly interface.
- **Switch users/Sign out**
 - Click the Start button. Click on your profile name.
 - Select the desired option.
- **Windows 10 allows you to continue working in a way that is familiar, yet in a more secure and stable environment.**
