

Business Certificate Programs -- Frequently Asked Questions

- Can I complete a certificate program entirely online?
 - In some cases, yes. Course offerings vary from semester to semester. To review current and historical course offerings, please visit the [current schedules website](#).
- Which courses am I required to take to complete a certificate program?
 - You can find each certificate program's required courses at the [Certificate Program Requirements](#) page.
- How long does it take to complete a certificate program?
 - Programs can be completed in 1 to 3 semesters, depending on several factors, including course availability and your preferred course load. To review current and historical course offerings, please visit the [current schedules website](#).
- I have already completed one of the required courses. Can I apply that course credit, and only take the remaining required courses to complete a certificate program?
 - Yes, as long as your academic transcript reflects prior successful completion of the required course, you can apply it toward your certificate program requirements.
- What is the cost to complete a certificate program?
 - Several factors can affect the total cost of each certificate program, but in general, the total cost for each course is approximately \$1200. This means the approximate total for three courses is \$3600, and four courses is \$4800. (Remember, these are approximations)
- When do I sign up for courses?
 - Each semester, registration begins several weeks/months before the semester begins. We recommend visiting the [Academic Calendar](#) page to review the deadlines for each semester.
- How do I get started?
 - The first step is to apply! Visit the [application portal](#) to get started.
- Can I complete more than one certificate program?
 - Yes, you can complete as many certificates programs as you choose. You will need to submit a new [application](#) for each certificate program you wish to complete.
