When Coverage Takes Effect	Your coverage takes effect on the later of the program's effective date, the date you become eligible, the date we receive your completed enrollment form, or the date you authorize any necessary payroll deductions. If you're not actively at work on the date your coverage would otherwise take effect, you'll be covered on the date you return to work.																								
Definition of Disability	Disability means that, solely because of a covered injury or sickness, you are unable to perform the material duties of your regular job and you are unable to earn 80% or more of your indexed earnings from working in your regular job. After benefits have been payable for 60 months, you are considered disabled if solely due to your injury or sickness, you are unable to perform the material duties of any occupation for which you are (or may reasonably become) qualified by education, training or experience, and you are unable to earn 65% or more of your indexed earnings. We will require proof of earnings and continued disability.																								
Elimination Period	You must be continuously disabled for 90 days before benefits may be payable.																								
Monthly Benefit	This plan pays a benefit of up to 65% of your monthly covered earnings — to a maximum of \$8,000 per month.
